presents

**An Expert-Attorney Examination:
Injury Causation in Low Impact Vehicle Collisions**

1st Membership Webinar
“Geared Especially for our YOUNG LAWYERS”

JANUARY 19, 2021
12:00 noon - 1:00 p.m.

Description:

In this introductory Biomechanical CLE presentation, Trial Counsel Theresa Otto of Baty Otto Coronado, PC. and Biomechanical Engineering Expert, Dr. Valentina Ngai will examine a low impact vehicle collision through an exemplary case study, and provide an overview of injury causation. The presentation will provide a general overview of biomechanics, discuss biomechanical expert capabilities for formal opinions, and address the attorney/expert relationships while working together on similar cases.

About your Speakers:

Dr. Valentina Ngai is an expert in biomedical/biomechanical engineering with Robson Forensic. She has been conducting research for over 15 years which includes focus on the biomechanics of human motion. Dr. Ngai conducts investigations to determine the cause of injuries in incidents including motor vehicle collisions, slips, trips and falls, and medical device failures and has been a testifying expert for over 10 years. Dr. Ngai holds a Ph.D. in Bioengineering from the University of Illinois at Chicago. She has published in multiple journals and has presented her research at numerous national and international conferences. Additionally, Dr. Ngai is a licensed professional engineer in Ontario, Canada and also holds degrees in Civil and Mechanical Engineering.

Theresa Otto, a partner with Baty Otto Coronado, PC, has practiced as a civil defense litigation attorney for 28 years. She has a wealth of legal experience defending catastrophic injury claims. A significant portion of Ms. Otto's practice involves commercial vehicle and construction accidents. Theresa obtained her law degree from the University of Notre Dame. Ms. Otto has been recognized with numerous awards including, Super Lawyers, Top 50 Women in Missouri and Kansas, an AV rating for Martindale-Hubbell and Missouri Lawyers Weekly's prestigious Women's Justice Award for Litigation Practitioner.
